We are a happy and healthy school!

As part of this we encourage active travel for all our school community for the following reasons:

- Walking and cycling keeps us fit and healthy
- It helps pupils develop road safety skills which will keep them safe in later life
- We believe cycling is a life skill that everyone should be able to benefit from ☐
- It helps keep our local air clean and our streets free from congestion
- It helps us maintain friendly relationships with our neighbours

What we do:

- All local school trips are made by public transport where possible, or on foot if the destination is close by
- We let all parents/carers of new pupils know that we are an active travel school before their child starts
- We provide Personal Travel Plans for all new pupils, on request.
- We encourage all members of our school community to walk, scoot, cycle or travel by public transport to school
- Where a car must be used we ask all parents to drive only part of the way, park away from the school and walk the last few minutes of the journey ('park and walk')
- We ask everyone to join in with 'Go for Green Days' – walking the whole journey to school, parking away from the school and walking as far as possible or using bikes or scooters
- Use noticeboard, newsletter and website publicity to inform parents, pupils and residents of changes and events we are holding.
- We provide cycle maps and a map of the local area (available from the school office)
- We provide a school travel leaflet showing public transport links and reminding our school community of the benefits of active travel
